Honourable Chief Minister Yogi Adityanath ji,
Namaskar!!

I am a middle class service man . I had bought a Flat#F1103 in 'La-Galaxia' of Newtech promoters & builders in Greater Noida. Their RERA registration #UPRERAAPRJ6050.

Project Coordinator (Joni) number is 919650109062

1. I have booked the flat in 2012 during booking time builder has committed to me that will celebrate 2014 Holi in our flat.
2. I have paid **Rs@.200** per sq. ft. as a PLC charge for F block.
3. 95% amount already paid to builder(more than year back).
4. As a salary person EMI, Home Rent, Child Education fees, house running cost and [approx.Rs@8000/month](#) medical expenses for my mother which is very difficult to manage.
5. Builder says that he don't have money (most of us already paid 95% amount) where he spend our money?
6. We are paying EMI to bank on monthly basis and builder says that he will settle the penalty at time of possession, same we can't say to bank that we will pay EMI once we get the possession bank will charge cumulative interest (interest on unpaid interest) from us.
7. Current position of F block is still in worst condition and not possible can be delivered before next 1.5- 2 years.
8. Builder celebrates his vacation onsite and I am not able to celebrate in India.
9. Project is delayed approx. more than 5 years due to which we are not entitled to take income tax rebate Rs@15000.

I know that your time is very precious , but I also know that you always ready to help a common man on same believe it's my humble request to you that help us.

Please refer the mail I have sent to builder earlier but never get response from their side.

With best regards,
Neeraj Vohra (F1103)
